ABOUT ME

I am a passionate and detail-oriented React Developer with a strong foundation in web development and modern JavaScript frameworks. I hold a Bachelor's degree in Computer Applications (BCA) with a 7.75 CGPA and am currently pursuing my Master of Computer Applications (MCA) to deepen my technical expertise.

EDUCATION

Bhagwan Mahavir University (2025-2027).

MASTER OF COMPUTER APPLICATIONS (MCA)

Currently pursuing my Master's degree in Computer Applications with having 9.32 CGPA in first semester, focusing on advanced concepts in software development, data structures, database management, and modern web technologies. Strengthening my skills in full-stack development, problem-solving, and project-based learning using technologies like React, Node.js, and MongoDB.

Veer Narmad South Gujarat University (2022 - 2025).

BACHELOR OF COMPUTER APPLICATIONS (BCA) CGPA: 7.75

I completed my Bachelor's degree in Computer Applications, where I learned programming, web development, and database management. During my studies, I built several projects that helped me improve my problem-solving and coding skills.

WORK EXPERIENCE

KASH INFO SOLUTION MAY(2025) - JUL(2025)

FULLSTACK DEVELOPER (REACT, LARAVEL)

Contributed to the development of a Rental Management System using Laravel and MySQL. Responsible for backend development, database management, CRUD operations, bug fixing, and implementing new features to improve system efficiency and user experience.

THE HIDDEN IDEAS INFOTECH APR(2026)

FULLSTACK DEVELOPER(MERN)

Working on HRMS and C2C CRM applications, developing frontend and backend features, integrating restful APIs, managing databases, and building scalable web solutions to improve business workflows and user experience.

SKILLS

- **Frontend:** React.js, HTML, CSS, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, PHP , Laravel
- **Programming Languages:** Java, JavaScript, C++, Python
- **Databases:** MongoDB, MySQL , SupaBase
- **Other Skills:** Git & GitHub, Responsive Web Design, Photoshop, Corel Draw

PROJECTS

FOOD DELIVERY MANAGEMENT SYSTEM

Developed a full-stack Food Delivery Management System using the MERN stack. Designed and built the frontend with React for a smooth and responsive user experience. Integrated a secure payment gateway using Stripe for online transactions. Implemented backend database logic using MongoDB and Node.js to manage users, menus, and orders efficiently.

TOURS AND TRAVELS MANAGEMENT SYSTEM

Developed a Tours and Travels Management System using the MERN stack to manage travel packages, bookings, and user information. Built the frontend with React to provide an interactive and user-friendly interface. Designed the backend using Node.js and Express.js for handling bookings and user authentication, and managed all travel data using MongoDB.

SELIORA - ECOMMERCE WEBSITE

Developed a modern e-commerce platform featuring product management, user authentication, shopping cart, order management, and responsive UI. Built using React.js and modern web technologies with a focus on performance, scalability, and user experience.
